

NuFACTOR® Announces 2016 Annual Eric Dostie Memorial College Scholarship Recipients

August 10, 2016

ISSUED BY FFF Enterprises, Inc., Temecula, Calif. – www.fffenterprises.com

NuFACTOR, the specialty pharmacy of FFF Enterprises, Inc., has announced the 10 recipients of the 2016 Eric Dostie Memorial College Scholarship. The scholarship was created in remembrance of Eric Dostie, a boy with hemophilia who was tragically murdered on August 27, 1994, at the young age of 5. Eric inspired many lives with his uplifting joy, humor and unending love. His family recalls his aspirations of becoming a scientist and inventing a cure for hemophilia in the form of a “chocolate pill.”

Founded in 1994, the Eric Dostie Memorial Scholarship has supported many bright and talented students in reaching their goals of higher education. Scholarship candidates are required to submit an essay describing how their education will be used to serve humanity and encourage self-improvement and enrichment. Every year, the recipients are selected based on scholastic achievement, community service and financial need.

“It is enlightening to learn about the goals and aspirations of each of these students. I congratulate all of them and hope that, in Eric’s honor, this scholarship provides motivation for them to achieve their educational and career path goals,” says Patrick M. Schmidt, chief executive officer of FFF Enterprises.

This year’s recipients, each awarded a scholarship of \$1,000 for education expenses, include Taha Ahmed, Breanna Bucco, Victoria Canton, Calvin Dutcher, Kenadie Hamblin, Mackenzie Hebert, Justin Horbacz, Malia Jackson, Angela Kessler and Mitchell Zeiter.

NuFACTOR will begin accepting applications for the 2017 scholarships on November 1, 2016. Visit the NuFACTOR Eric Dostie Memorial College Scholarship website to learn more about the program and to request an application. Or call (800) 323-6832 for additional information.

About NuFACTOR Specialty Pharmacy

NuFACTOR is the specialty pharmacy of FFF Enterprises, Inc., the largest and most trusted distributor of plasma products, vaccines, biosimilars and other specialty pharmaceuticals and biopharmaceuticals. NuFACTOR Specialty Pharmacy, established in 1995,

specializes in the treatment of patients with chronic conditions, with concentration on treating rare disease states in neurology, immunology, hematology, oncology, dermatology and rheumatology. The company also supports the immune globulin community through IG Living magazine, a publication dedicated to promoting patient advocacy, education and communication. NuFACTOR is dedicated to solving the chronic problems of affordability, availability and safety in disease state management for chronically ill patients. NuFACTOR is deeply committed to the philosophy of providing philanthropic support to the patient communities the company serves, including hemophilia, immune deficiencies and peripheral neuropathies, among others.

About FFF Enterprises

FFF Enterprises is the largest and most trusted distributor of plasma products, vaccines, biosimilars and other specialty pharmaceuticals and biopharmaceuticals in the U.S. Founded in 1988, FFF is now in its 27th year with more than a billion dollars in annual sales and a flawless safety track record. FFF has taken a leadership position in regard to supply chain safety and innovation, setting new standards and pioneering industry firsts. FFF’s commitment to [Guaranteed Channel Integrity™](#) ensures that products are purchased only from the manufacturer and shipped only to healthcare providers, with additional steps taken to safely store, handle and ship products to ensure patient safety is never compromised. FFF’s proprietary systems, [Verified Inventory Program-Consignment \(VIPc\)™](#), [Verified Electronic Pedigree™](#) and [Lot-Track™](#), provide verification of this secure channel, and FFF’s [MyFluVaccine™](#) and [VaxAmerica](#) are revolutionary vaccination programs that have added a new level of safety, convenience and reliability to both healthcare providers and consumers.
